FOR IMMEDIATE RELEASE

Comanche Co Sheriff's Office Responds to Traffic Incident and Structure Fire

Comanche County, Texas – March 17, 2025 – The Comanche County Sheriff's Office received multiple reports shortly after noon regarding a black male walking in traffic and attacking passing vehicles along Hwy 6 West, between the 1700 and 2100 blocks.

Deputies promptly responded to the area but were unable to locate the individual. One vehicle reported damage and was located at the West city limits of DeLeon.

While officers were interacting with the reporting party, a structure fire was reported in the 2100 block of Hwy 6. The suspect was then identified as Darryl Braddy, 36, of DeLeon, and was found on CR 484 near the initial incident area.

Braddy was taken into custody and admitted to starting the fire at his residence. He faces charges of Arson (Second Degree Felony) and State Jail Felony Criminal Mischief.

Although the house was declared a total loss, there were no reported injuries. Thanks to the quick response from the DeLeon, Comanche, and Gorman Volunteer Fire Departments, the fire was contained primarily to the property and the Railroad right of way.

For further inquiries, please contact the Comanche County Sheriff's Office.
