CHRIS POUNDS
Comanche County Sheriff

At approximately 20:15 on August 26, 2023, the Comanche County Sheriff's Office was notified by Comanche County Emergency Management that there was a water issue in the City of Comanche. We were notified that a Boil Water Notice had been put in place and that we needed to conserve as much water as possible. The Comanche County Sheriff's Office personnel activated emergency protocol in place and are utilizing a County owned well for most water necessities. Inmates confined at the jail will be served bottled water in combination with well water. Hygenic and nutritional needs are met. The Sheriff has updated and received approval from the Texas Commission on Jail Standard for the emergency changes.
